Searching for Wanda Elise Sutton

In her third book, notable FemDom author Elise Sutton strays away from the more common lifestyles of FemDom practitioners who pursue relationships based on the principals of loving female authority, and instead she takes an honest look at men who claim to be seeking "unloving female authority" at the hands of a sadistic woman. This book also takes notice of real life experiences of female sadists and the wives and significant others of masochists. Nevertheless, the primary focus of this book is the life of the man from whom the term "masochist" was coined. Many have heard of Leopold von Sacher-Masoch but few have heard his life story. With the narrative of Leopold's sexual journey as its foundation, this book examines contemporary self-described masochists who are in search of a cruel, sadistic woman. In other words, just like Leopold, these men are "Searching for Wanda".
